“ Today my daughter asked if I had heard from Mike and I told her we usually get a Christmas card from him. She searched his name and we were shocked to see he passed away last spring. We tailgated together in Auburn for about 10 years and always think of him during tailgating season. He was a lot of fun and we always enjoyed meeting the other people who would come with him.

“ I met him only 2 years ago & talked with him only a dozen or so times but I could tell he was a really nice guy. I wish I had met him sooner because men such as Mike are a blessing in one's life. I know you're going to be sorely missed. God bless & Godspeed, good sir.

“ I hated hearing the news today that Mike had passed away. My husband, Jim Davis, worked with Mike early in his educational career at HCHS and we all became friends. Mike and Jim, along with other teachers in Henry County, enjoyed participating in BRAG when they were free from their school responsibilities in the summer. Mike was a fun guy to spend time with and had no problem expressing his beliefs about any topic. We spent many Oktoberfest trips in Helen with Mike and other friends in our group and there was never a dull moment. Even though I never saw Mike again after Jim passed away unexpectedly in the summer of 2022, he would call me occasionally after Jim’s passing to reminisce. He was a good friend and he will be missed!

“ I'm so sorry to hear about Mike's passing. I just learned last night that he was sick and was going to see him this week. We worked together at HCHS and also worked on our Specialist Degrees together. He loved to give me a hard time about how many years I had left before I could retire. Prayers for the family.
