“ I know I am late to send my condolences to the family. I was going through my childhood albums and came across the "Ahoy Mate It's a Birthday Party" for Christopher. I reminisced on what a sweet person he was and was thinking of trying to locate him on social media but came across his obituary. I am so sorry for your loss and will send prayers to your family.

“ To the entire Cash Family,

*Even though I am not able to be in attendance, I wanted to express my condolences to you all. I truly count it a blessing to have known Chris during my time at Georgia College. I met him when I volunteered to be a WGUR-TV reporter. Even though I was nervous about this experience, he helped me greatly every step of the way and made it an experience I will never forget. And no matter what may have been going on in his life, I have always seen Chris in happy spirits. Even though he is not present here physically, I know that he continues to live in the memories and moments that we all have been blessed to experience with him. You all are in my prayers.*

“ *I remember Chris being a huge part of UGHS football and I know it made him happy helping out the team whenever he could. He always had a smile on his face and kind word to say when needed. I always talked to him on the sidelines explaining certain positions and plays and I always liked his responses. He was an integral part of my Senior year and I'm glad I got to know him. I'm sorry you've gone too soon as you had the biggest heart.*
