“ I’ve been Dales neighbor for the last 24 years. He and I would share and swap tools, share and swap fishing stories, and help each other when the need arose. I can honestly say that the world is a better place because of him. I’m definitely going to miss him.

“ There are so few Dale Taylor’s that have graced this planet. His humble heart and servant-style leadership attracted me to him immediately. I truly cannot express the level of Jesus I witnessed in this man’s life. His influence has spread across the realms of time and space. It grieves my heart I that he is gone but I know I’ll see him again.

“ I will never forget the morning he surprised me by showing up at the hospital to pray for me while I lay in my pre-op bed. RIP Pastor Dale. You will be missed.

Dale was truly a Godly man. Surely he is now with Jesus. He was almost always going full speed. And when he did take a few hours to relax, he always enjoyed God's nature. Especially the fishing.
