“ I love you and miss you so much daddy and my heart is aching. I know that you are finally at peace and free from all pain, but it is still hard not having you here with us, You have always been the smartest person I have ever known and such a hard working man. You taught us girls the value of family and how to love each other. I am so thankful to have you as my father and cherish all the memories I have of you. Your queens will be okay with time and we will take care of mama until we can all be together again. Hug all of our family that has gone on before and I can't wait to see you again. Love your first born, Denise

“Daddy you will never know how much I miss you already. You were and have always been the strongest man I know and I am proud to call you my daddy. You worked hard and thought us girls that family was important and to always be there for each other. Do not worry about mama I will make sure everything is taking care of at home. My heart hurts for you because I cannot hug or kiss you like it use too. But happy for you because you are free. Free of pain and breathing fresh wonderful air. Give maw maw, pawpaw and granddaddy a big hug and I will see you again one day soon. Your loving middle daughter.
